# 75+ Tax Write Offs

---

for business owners!

MY MOST FREQUENTLY ASKED QUESTION

# Can I write that off?

When it comes to tax deductions for business owners, the BEST way to ensure that an expense can be written off as a tax deduction is to ask your tax accountant who is familiar with your unique business.

For an expense to be deductible, it must be both ORDINARY and NECESSARY for your business.

Per the IRS, "An ordinary expense is one that is common and accepted in your industry. A necessary expense is one that is helpful and appropriate for your trade or business. An expense does not have to be indispensable to be considered necessary."

With that being said, I've compiled a list of 75+ expenses that could be deductible for you to run by your tax accountant!
